VIRGINIA

Journal of A Voyage from Bremen in Germany to the South Seas A Whaling

On the Ship Virgina

Tuesday July the 26th - 1836

At 10 A M Hauld out of the Dock and came to Anchor in the Stream

Wensday the 27

First part Lying in the Stream Wind A head at 10 A M got under way Wind S W thick Weather and some Rain

Thursday July the 28

Commences with thick foggy Weather with Rain at 6 P M discharged the Pilot at 9 saw Haligaland Light and Packet Ship & stood to the Northward and Westward last 12 hours Pleasant employed at fitting the Boats

Latitude By Obs - 54=27.26=3= E

Friday July the 29

First part fresh Breeze from the Westward Northward and Westward sounding once in 4 hours latter part Raing with strong Winds under Double Reefed Top Sails

Latitude By Ac. 54=13 L 3=23- E

Saturday July the 30

First part strong Winds with thick Raing Weather Wind. S W. stand to the Southward and Eastward at 6 A M Blowing A Gale from S W turn up the Bow and Waist Boats got them slightly stove on the cranes Wore ship took in the Fore and Mizen Top Sails and close Reefed the Main Reefed the fore sail Lat by Ac 54=10 - Lon 4=25 E

Sunday July the 31

Blowing A gale from the Westward at 6 P M took in the Bar Boat at 6 A M more moderate Wind N W Wore ship and set the fore and mizen Top-sails close Reefed Course S W by W Latitude By Ob 54 00 Lan by Ac 4=12 E

Monday August the 1 — 1836
Strong Winds from the Westward with clear
Weather under Double Reefed Top Sails first
part standing to the Southward and Westward
at 4 A M Tacked Ship Wind W S
Latitude By Obs 5-3-23 Lon 3-00 East

Tuesday August the 2
Blowing fresh from the Westward all three
24 hours standing on opposite Tacks under
Double Reefed Top Sails sounding every two
hours in from 15 to 25 fathoms of Water
Latitude By Obs 5-2-27 N. L 2-45 East

Wensday August the 3
More moderate Wind W S W on the Southern
Tack at 10 P M Calm at 3 A M light Breese
from the Southward set all Sail employed
on the Boats Latitude By Obs 5-1-28 N L 1-50 East

Thursday August the 4
Commences with pleasant Weather and a
moderate Breese from the Southward at 9 P M
Wind to the Westward latter part light airs
and Calms at 12 Noon Beach head bore
North and By West Distant 12 Miles

Friday August the 5
First part Calm at 8 P M took observations
By both Chronometers and found them right
latter part light Airs from the Northward
and Cloudy No Observation

Saturday August the 6
Light Airs from the Northward with
pleasant Weather at 4 P M went on
Board of a Brig from Amsterdam Bound
to Surinam employed at making Boats
Sails &c
Latitude By Obs 4-49-57 N Lon 3-56 West

Sunday August the 7th 1836
First part light Winds Northward and pleasant at 3 at M Wind shifted to the Eastward at 9 at M saw a School of Blackfish lowered down 3 Boats Chased they were going quick could not come up with them. Latitude 49=27 N. Lon 6=9 W

Monday August the 8th
Fresh Breezes from the Eastward all these 24 hours with pleasant Weather Course W by S By Compas employed at fitting the Cutting gear Latitude By Obs 47=45 Longitude 9=11 W

Tuesday August the 9th
Strong Winds from E.N.E. all these 24 with pleasant Weather Course N by S

Longitude By Chronometer 192 = 10 - 15 East

Saturday December the 9

Fresh breese from the Westward standing to the Southward at 3 P M saw many Right Whales lowered at 4 and killed two Night coming on did not get but one along side at 4 A M commenced Cutting thick and Raining with a bad swell lost his head at 9 made sail and Worked to the Windward to find the dead Whale saw one live one too thick to lower

Latitude By Obt. 44 - 28 S

Longitude By Act. 192 = 20 East

Sunday December the 10th 1837
First part light Winds with foggy and Rain last 12 hours at Gale from the Southward Latitude by Obs.t 44=20=
Longitude by Act.t 191=50 E

Monday December the 11th
A Gale from the Southward all these 24 hours with Hail and some Rain latter part employed at Boiling
Latitude By Obs 43=44 South
Longitude By Act.t 191=44 E

Tuesday December the 12th
Blowing A Gale from South and S W the part 24 hours employed at Boiling Latitude By Obs 43=17 S
Longitude by Act.t 192=11 E

Wensday December the 13th
First part blowing strong from the Southward last 12 hours more moderate Wind to the Westward at 10 A M saw A Right Whale lowered down and killed him lost him by sinking Latitude By Obs 44=9 S
Longitude By Chronometer 192=24 E

Thursday December the 14th
Moderate Winds from the Westward at 2 P M saw Right Whales lowered down and struck 4 saved one at 4 A M commenced Cutting at 6 lowered down and got another one finished Cutting at 12 Latitude By Obs 44=14 S
Longitude By Chronometer 192=43=41 East

Friday December the 15th
Moderate Winds from the Northward and Westward with thick Weather employed at Boiling and staving down Oil Latitude By Obs 44=19 S
Longitude By Act.t 192=37 East

Saturday December the 16th
Moderate Winds variable from N W to S W employed at Boiling nothing in sight Cloudy no Observation
Latitude By Act.t 44 22 S
Longitude By Act.t 192=17 East

Sunday December the 17=1837
Winds variable from N W to N E with thick
Weather and some Rain employed at stowing
down Oil
Latitude By Alt. 44=36 S
Longitude By Alt. 192=27 E

Monday December the 18
Moderate Winds from the Northward
and Eastward employed at stowing down
Oil at 2 PM saw a Right Whale lowered
down 2 Boats did not get up with him
at 10 A M saw more Whales going quick
to the Southward lowered down Last them
in the fogg
Latitude By Alt. 44=35
Longitude By Alt. 192=00 E

Tuesday December the 19
Light Winds from the Eastward with Cloudy
Weather at 10 A M saw Right Whale going quick
to the Windward did not lower
Latitude By Obs 45=6 S
Longitude by Chronometer 192=13=15 East

Wensday December the 20
Strong Winds from the Northward with Cloudy Weather
nothing in sight
Latitude By Obs 45=21 S
Longitude By Lunar 190=35 E Longitude By Alt. 191=52 E

Thursday December the 21
Moderate Gale from the Northward all these 24
hours under short Sail saw Blackfish
Latitude By Obs 45=24 South
Longitude By Alt. 191=10 East

Friday December the 22
Blowing A moderate Gale from the Northward and
Westward all these 24 hours nothing in sight
Latitude By Obs 44=40 S
Longitude by an Obs of Sun and Moon 191=4=15 East
By Chronometer with a New Date 191=33=00 East

Saturday December the 23 - 1837

Variable Winds from N W to N E with thick Weather
and Rain Latitude By Alt. 43=59 S
Longitude By Alt. 191=28 East

Sunday December the 24

Commences with Wind to the N E with Rain at 3 P M
shifted suden to the Southward and blew A Gale
latter part more moderate Wind to the Wertward
Latitude By Obs 44=10 South
Longitude By Lunar distance of the Sun and Moon 191=6=15 East

Monday December the 25

Moderate Winds with pleasant Weather standing
to the Northward and Westward nothing in sight
Latitude By Obs 43=44 S
Longitude By Alt. 191=39 East

Tuesday December the 26

Commences with moderate Winds from N E with some
Rain latter part strong Winds from S W to W with
squalls Latitude By Obs 42=54 S
Longitude By Alt. 190=25 E

Wensday December the 27

Blowing A Gale from the Southward with squalls
and some Rain standing to Westward under Close
Reefed Top sails and Reefed Courses Latitude By Obs 42=5
Longitude By Alt. 189=38 E

Thursday December the 28

Commences with A Gale from the Southward latter part moderate
with Variable Winds course S W by S Latitude By Obs 41:16 S
Longitude By Chronometer 188=24 East

Friday December the 29

Light Winds and Calms all there 24 hours
standing to the Westward under all Sail
nothing in sight Latitude By Obs 41=13 S
Longitude By Alt. 197=3 East

Saturday December the 30 = 1837 =
Light baffleing Winds from the Northward and
Westward with pleasant Weather steaming to
the Southward and Westward Latitude By Obs 41=47 S

Sunday December the 31 =
Strong Winds from the Northward with thick
Wather standing to the Westward under all sail
Latitude By Obs 41=56 S
Longitude By Act. 184=25 E

Monday January the 1 = 1838 =
Strong Winds from the Northward and Westward
with thick Weather steering to the Southward and
Westward
Latitude By Act. 42=2 S
Longitude By Act. 181=5 East

Tuesday January the 2 =
Strong Winds from the Northward steering
to the Southward and Westward Latitude By Obs 43=26 S
Longitude By Act. 180=4 East

Wensday January the 3 =
Commences with strong Winds from Westward standing
to the Southward at 3 P M spoke two Ships from
Hven France one 6 Months out + 2 Whales the other
16 Months out with 2200 Barrels Latitude By Obs 43=59 S
Longitude By Act. 179=10 E

Thursday January the 4 =
Moderate Winds the N W steering S W two Ships in
sight steering to Southward Latitude By Obs 44=45 S
Longitude By Act. 178=4 E

Friday January the 5 =
Commences with the Wind S S W standing to the Westward
at 3 P M saw Right Whales struck and killed one near Night
far to the Windward of the ship Blowing strong had to leave him
at 4 A M saw Whales to windward to lower Latitude By Obs 44=32 S
Longitude By Act. 178=12 East

Saturday January the 6 = 1838 =

Commences with A Gale from S W Layying to sail A Ship to the S & East 12 hours more moderate Wind to the Northward and Cloudy Latitude By Obt. 44 = 40 S

Longitude By Obt. 177 = 54 East

Sunday January the 7 —

First part Blowing A Gale from the Northward latter part more moderate with A very Bad swell saw many finbacks Latitude By Obs 45 = 00

Longitude By Chronometer 178 = 20 E

Monday January the 8

First part fresh Breese from the Northward and Westward nothing in Sight at 6 A M saw A Dead Whale A head at 7 saw five Whales to the leward sent one Boat to the dead Whale and 3 after the others struck and killed two and sunk them lost 3 lines and 7 Harpoons came on board at 10 calm Whales in sight one Boat towing the dead Whale coiled more lines

Latitude By Obs 44 = 34 S

Longitude By Obt 178 = 00 E

Tuesday January the 9 —

At one P M sent one more Boat to help tow and 2 Boats after more Whales killed two more and sunk them loosing in 10 hours 4 Whales 4 lines and 12 Harpoons at 4 P M took the Whale along side that we killed last Friday and cut him in last 12 hours Calm nothing in sight

Latitude By Obs 44 = 39 S

Longitude By Obt. 178 = 00 E

Wensday January the 10 —

Calm all these 24 hours at 5 P M saw A Right Whale lowered down and got him got him A long side at 10 employed at Boiling at 5 A M Cut him in Latitude By Obs 44 = 43 — S

Longitude By Obt. 178 = 25 E

Thursday January the 11th 1838
First part moderate Breese from the S W nothing in sight last 12 hours Blowing a Gale from S S W at 10 A M saw Right Whales going quick to the W. S. W to hanged to lower the Boats Latitude By Obs. 44=48
Longitude By Act.. 177=40 E

Friday January the 12th
Blowing A Gale from S S W all these 24 hours with Squalls and some Rain Latitude By Obs 44=7 S
Longitude By Act.. 177=8 East

Saturday January the 13th
Fresh Breeses from the Southward and Westward standing to the Southward and Eastward on the Wind employed at Boiling Latitude By Act. 44=23 S
Longitude By Act.. 177=33 East

Sunday January the 14
Fresh Breese from the Southward standing to the S E at 2 P M saw a Shoal of Sperm Whales going quick to the Westward struck one and lost the Line at 5 A M saw Right Whales lowered 3 Boats came on thick with Rain lost the run of them came on Board at 6 at 7 cleared up some scattered Whales in sight lowered down and got one and lost him in 4 Ships in sight
Latitude By Obs 44=51 S
Longitude By Act. 178=00 E

Monday January the 15th
Commences with the Wind to the southward with fine Weather Whales in sight at 4 P M lowered down and got one employed Boiling at 5 A M commenced Cutting saw Whales at long distance off did not lower the Boats
Latitude 44=57 S
Longitude 178=37 E

Tuesday January the 16 — 1838 —
Moderate Winds from the Southward with pleasant
Weather at these 24 hours employed at Boiling and
stowing down Oil 6 Ships in sight Latitude By Obs 44-51 S
Longitude 178-40 East

Wensday January the 17 —
Light Winds with foggy Weather employed at Boiling
at 7 A M saw Whales lowered down and chased
without success spoke the Ship Thule of
Nantucket wanting one Whale A number of Ships
in sight Latitude By Act. 44-58
Longitude By Act. 179-49 E

Thursday January the 18 —
First part light Winds from the Southward with
fogg saw Whales and chased got nothing last
12 hours Calm and thick stowing down Oil
Latitude By Act. 45-9 S
Longitude By Act. 179-14 E

Friday January the 19 —
Light airs and thick all these 24 hours employed
at stowing down Oil Latitude By Act. 45-23 S

Weather standing to the Westward Latitude By Alt. 44-55
Longitude By Alt. 177-5 E

Friday January the 26
Fresh Breese from Southward with pleasant
Weather saw many Finbacks Latitude By Obs 45-44 S
Longitude By Chronometer 177-32 E

Saturday January the 27
Light Winds and Variable standing to the
Northward and Eastward 2 Ships in sight
Latitude By Obs 45-11 S Longitude 178-26 East

Sunday January the 28
Moderate Winds with pleasant Weather at 9 A M
spoke A French Ship Capt. Caspers 17 Months out
130 Barrels Latitude By Obs 44-54 S Longitude 177-44 East

Monday January the 29 = 1838 =

First part light Winds with pleasant Weather last
12 hours fresh breese from the Northward at 9 A M
saw Whales lowered down and got one and Sunk
two lost one line and at half and 6 Harpoons
Latitude By Obs 44=50 S Longitude By Chronometer 177=41 East

Tuesday January the 30

Commences with fresh Breese from the Westward
employed at Cutting at 12 Midnight Wind S W
Blowing a Gale at 9 A M Calm with a heavy
Swell saw a Right Whale lowered down and
got him

Latitude By Alt. 44=12 South
Longitude By Alt. 177=27 E

Wensday January the 31

First part Calm with a Whale Along side
Swell so high could not Cut last 12 hours
Blowing a Gale from S W Latitude By Alt. 44=53 S
Longitude By Alt. 177=30 East

Thursday Febuary the 1

Commences with a Gale from S W at 3 P M
moderated some hooked on and Cut in the
Whale last 12 hours fresh Breese from the
Northward

Latitude By Obs 44=48 S
Longitude By Chronometer 177=19 E

Friday Febuary the 2

First part Blowing fresh from the N W at 5 A M
saw many Whales lowered down and got one
Latitude By Obs 45=3 S Longitude By Chronometer 177=29 E

Saturday Febuary the 3

First fresh Breese from S W employed at Cutting
and Chaseing Whales struck one Sons drew lost
him at 8 A M saw Whales nearly Calm lowered
down and chased the remainder of these 24 hours
Whales wild could not get fast Latitude By Alt. 45=00 S
Longitude By Alt. 177=30 East

Sunday February the 4 1838

First part light Airs with pleasant Weather Chasing Whales and Boiling last 12 hours fresh breeze from N E employed at Boiling at 9 A M saw Whales lowered down and got one

Latitude By Alt. 45 = 00 S

Longitude By Alt. 177 = 35 East

Monday February the 5

Strong Winds with Cloudy Weather employed at Cutting latter part A gale with thick Weather

Latitude By Alt. 45 = 20 S

Longitude By Alt. 177 = 40 East

Tuesday February the 6

A gale from N E all these 24 hours with thick Weather and Lightning ~~with~~ Rain and some Thunder

Latitude By Alt. 45 = 53 S

Longitude By Alt. 177 = 54 East

Wensday February the 7

First Gale from the Northward latter part more moderate employed at Bailing

Latitude By Alt. 45 = 36 S

Longitude By Alt. 176 = 25 = 30 East

Thursday February the 8

Moderate Winds and pleasant nothing in Sight

Latitude By Obs 45 = 6 S

Longitude By Chronometer 176 = 53 E

Friday February the 9

Fresh Breese with and Black Fish Cloudy Weather saw Finbacks

Latitude By Obs 45 = 3 S

Longitude By Alt. 177 = 16 E

Saturday February the 10

Moderate Winds from the Westward at 8 A M saw Whales lowered down and Chased the remainder of these 24 hours

Latitude By Obs 44 = 49 S

Moderate Winds from the Westward at half past 6 saw Whales lowered 3 Boats without success came on board at dark Latitude By Obs 44=41 S Longitude By Obs 177=49 East

Sunday Febuary the 18 = 1838
Fresh Breezes from the Westward with Cloudy
Weather saw finbacks Latitude By Obs 44=43 S
Longitude By Chronometer 178=00

Monday Febuary the 19
Light Winds from the Westward and pleasant at one
PM raised Whales lowered down and sunk one
at 6 PM lowered down and sunk an athen
Latitude By Obs 44=41 = ~~47=33~~ S
Longitude By Obs 178=30 East

Tuesday Febuary the 20
Moderate Winds from SW and pleasant at 7 AM
raised Whales lowered down and got one last an
athen spouting Blood Latitude By Obs 44=47 South
Longitude By Act. 178=6 E

Wensday Febuary the 21
Light Winds with pleasant Weather Boiling at 6 AM
saw Whales lowered down and got two Latitude By Obs 45=00
Longitude By Act 177=51 E

Thursday Febuary the 22
First light Winds and pleasant employed at Cutting
latter part Blowing strong from the Eastward with
Rain employed at Boiling Whales in sight Latitude By Obs 45=4 S
Longitude By Act. 177=50 East

Friday Febuary the 23
First part Blowing fresh from the Eastward with
some Rain Boiling latter part light Winds and
pleasant employed at Boiling and stowing down
Oil at 10 AM saw Whales run for the Latitude By Obs 45=6 S
Longitude By Act. 176=51 East

Saturday Febuary the 24
Commences with light Winds from the Eastward and pleasant Whales
in sight at 3 PM lowered down and got one finished Cutting at 7
at 9 AM. Lowered down and got at Whale took him at long
Side 10 and Cut him in Latitude 45=6 Longitude 176=55-

Sunday February 25 = 1838 =
Moderate Winds from the Northward and Eastward employed at Boiling and Stowing down Oil Whales in Sight
Latitude By Obs 44=56 South
Longitude By Act. 177=00 East

Monday February the 26
Fresh Breese from the S E Boiling at 8 A M lowered down and got one Whale took him Along side
Latitude By Act. 44=52 S
Longitude By Act. 176=50 E

Tuesday Febuary the 27
Strong Winds from S E first part employed at Boiling and stowing down Oil at 8 A M But in the Whale many Whales in sight at 12 Gale from S E with Rain to bad to Boil
Latitude By Obs 44=59 S
Longitude By Act. 176=52 E

Wensday February the 28
Blowing A gale from S E one Ship in sight latter part Wind S W with A bad swell
Latitude By Obs 45=25 S
Longitude By Act. 176=57 East
Whales in Sight

Thursday March the 1
Gale of Wind from S W with Rain and A bad swell Whales in sight
Latitude By Obs 45=30 S
Longitude By Act. 176=52 E

Friday March the 2
More moderate employed at Boiling and stowing down Oil thick nothing in sight
Latitude By Act. 45=20 S
Longitude By Act. 176=40 E

Saturday March the 3
Strong Winds from the Northward Eastward employed at stowing down Oil Whales in sight to rough to lower
Latitude By Obs 45=14 S
Longitude Chronometer 176=49 E

71

Sunday March the 4 — 1838

Strong Winds and Variable with A bad swell latter part Gale from S W

Latitude By Obs 44=58 S

Longitude By Chronometer 176=11 E

Monday March the 5

More moderate at 3 P M saw Whales lowered down and killed one came on to blow and lost him at 10 A M lowered down and got one Whale many in sight

Latitude By Ac. 44=50 S

Longitude By Ac. 176=8 East

Tuesday March the 6

Blowing fresh from S W at one P M took the Whale A long side made A trial to cut last one Runner Hook and gut at 5 A M cut in the Whale at 8 lowered down and struck 2 more got one

Latitude 44=48 S

Longitude 176=9 East

Wensday March the 7

Light Winds with thick Weather First part employed at Cutting latter part Boiling Whales in sight lowered down and chased did not get fast

Latitude By Ac. 44=46 S

Longitude By Ac. 176=00

Thursday March the 8

Fresh Breese from the Southward and Eastward Boiling at 2 P M saw Whals lowered down and Chased

Latitude By Obs 44=25 S

Longitude By Ac. 176=10 East

Friday March the 9

Strong Winds from the Eastward Boiling Whals in sight at one P M lowerid down and sunk one last 12 hours Blowing fresh from the Eastward stowing down Oil

Latitude By Ac. 44=56 S

Longitude By Ac. 176=5 E

Saturday March the 10 — 1838 —
Blowing strong from the Eastward employed at stowing down Oil Whales in sight thick Weather and squally
Latitude By Alt. 45=10 S
Longitude By Alt. 176=15 E

Sunday March the 11 —
First part blowing strong with thick squally Weather latter part moderate at 9 A M saw Whales lowered down and struck one got 2 Boats stove and lost him
Latitude By Alt. 44=50 S
Longitude By Alt. 176=30 E

Monday March the 12 —
Commences with light Winds from the Eastward and Cloudy Whales in sight at one P M lowered down and got one but him in commenced Boiling at 7 A M saw Whales lowered down and got two that filled the Ship
Latitude By Alt. 44=30 S
Longitude By Alt. 176=40 E

Tuesday March the 13 —
Light Winds from the Eastward with fine Weather employed at Cutting and Boiling
Latitude By Obs 44=8 South
Longitude By Chronometer 176=52 East

Wensday March the 14 —
Light Winds from the Eastward with fine Weather employed Boiling
Latitude By Obs 43=33 S
Longitude By —— 176=46 E

Thursday March the 15 —
Blowing fresh from the Northward with Cloudy Weather employed at Boiling Latitude By Obs 43=16 S
Longitude By Alt. 176=30 E

Friday March the 16 —
Light Winds from the Southward with fine Weather employed at stowing down Oil
Latitude By Obs 42=44 Longitude By Chronometer 176=30 E

Saturday March the 17 — 1838

Light Winds from the Southward and Eastward with fine Weather stowing down Oil at 5 P M made Mount Tako on Newzealand bearing W.S.W distant 80 Miles

Latitude By Obs 41-38 S

Longitude By Lunar 176-39 By Chronometer 176-28 East

Sunday March the 18

Moderate Winds from S & E under all Sail beating up the Sand in sight employed at cleaning Bone

Latitude By Obs 40-49 S

Saturday Aprel the 28

Light Winds from the Eastward with fine
Weather standing to the Southward and Eastward

Latitude By Obs 35-55 S
Longitude By Chronometer 172-50 W

Sunday Aprel the 29

Strong Breese from the NE with pleasant
Weather under all sail standing to the Southward
and Eastward by the Wind Latitude By Obs 36-02 S
Longitude By Lunen 170-35 By Chronometer 170-47 West

Monday Aprel the 30

Strong Winds from NE with pleasant Weather
standing on the Southern tack single Reefed Top Sails
Latitude By Obs ~~35-5~~ S Longitude By Ch^r 169-13 West

Tuesday May the 19 1835

Strong Winds from the Northward and Eastward with Squalls and some Rain standing on the Southern Tack

Latitude By Obs 39=46 S

Longitude 167=13 West

Wensday May the 20

Blowing fresh from E S E and S E with Squalls under single Reefed Top Sails on the Wind

Latitude by Obs 41=1 S

Longitude 165=20

Thursday May 30

Wind continues to the Northward and Eastward with Squalls

Latitude By Obs 42=36 S

Longitude by Chronometer 102=53 West

Friday May the 4

Strong S E & Winds with Squally Weather standing on the Southern Tack by the Wind under single Reefed Top Sails and Courses

Latitude By Obs 44=1 S

Longitude By Chronometer 160=32 West

Saturday May the 5

Strong Winds from the Northward with Cloudy Weather and Squalls

Latitude By Obs 44=32 S

Longitude By Obs ~~157=12 West~~

Sunday May the 6

Wind to Northward with Thick Weather and squally

Latitude By Obs 44=30 S

Longitude By Obs 153=51 W.

Monday May the 7

Wind to the Northward with thick Fogg and much Rain through the Night under Double Reefed Top Sails

Latitude By Obs 44=30 S

Longitude By Obs 150=27 West

Tuesday May the 8th 1838

Strong Winds from the Northward with thick
foggy and Rain under Double Reefed Top Sails

Latitude By Obt. 44-30-S

Longitude By Obt. 146-29 West

Wensday May the 9th

First part Blowing a gale from the Northward
last 12 hours more moderate with Wind S.E.S.W
studing Sails out thick fogg and Rain all these
24 hours

Latitude By Obt. 44-44 South

Longitude By Ac. 145-7 West

Thursday May the 10th

Strong Winds from N.E.N with thick Weather
under single Reefed Top Sails and Top Gallant Sails

Latitude By Dles 44-7 S

Longitude By Ac. 138-57 West

Friday May the 11th

Blowing fresh From N and N.W with thick
Weather

Latitude By Ac. 44-12 S

Longitude By Ac. 134-26 West

Saturday May the 12th

First part Blowing a gale from N.W with thick
Weather and Rain under Close Reefed Top Sails and
Reefed Courses last 8 hours Wind West and more
moderate

Latitude By Dles 44-25 S

Longitude By Ac. 130-35 W

Sunday May the 13th

Fresh Breese from the Westward with thick
Weather steering E.by.N by Compass studing Sails out
Latitude By Dles 44-21 S Longitude By Chronometer 126-40-30 W

Monday May the 14th

Moderate from W.S.W with Cloudy Weather and
foggy under all Sail

Latitude By Dles 44-18 S

Longitude By Ac. 123-2 West

Tuesday May the 15 = 1838

First part moderate Winds from W to W with Rainy
Weather last 12 hours Wind South and S S E thick
with some Rain and Cold Latitude By Act. 44=18 S
Longitude By Act. 119=47 West

Wensday May the 16

Blowing strong from S to S W with Squalls and some
Rain and Hail Latitude By Obs 44=17 S
Longitude 116=40 W

Thursday May the 17

Wind S W Blowing fresh with Squalls of Hail and
Rain under Double Reefed Top Sails and Courses one
of our Chronometers stoped this 24 hours find the other
gains verry much on her rate Latitude By Obs 44=36 S
Longitude By Chronometer 113=39 W By Lunen 112=24 West

Friday May the 18

Strong Winds from S W with squalls of Hail
and Rain Latitude By Obs 45=43 S
Longitude By Dist of the Sun and Moon 109=9=30 West

Saturday May the 19

Wind to the Southward with heavy
Squalls Rain and Hail Latitude By Obs. 45=45
Longitude By Act. 106=26 W

Sunday May the 20

Strong Winds from S S W to S S E with heavy
Squalls of Rain and Hail Latitude By Act. 46=26
Longitude By Act. 103=30 West

Monday May the 21

Strong Winds from S W with Squally
Weather and heavy Swell
Latitude By Act 46=44 S
Longitude 100=29 W

Tuesday May the 22 = 1835

Strong Winds from S W to W S W with some
Squalls steering E b S by Compass Latitude By Obs 47=36
Longitude 95=25 West

Wednesday May the 23

Fresh Breese from W S W with pleasant
Weather steering E b S with Steering Sails out
Latitude By Obs 48=34 S
Longitude By Ac. 92=19 West

Thursday May the 24
Fresh Breese from the West and W S W
with thick weather steering E by S By Compass
Latitude By Ac. 49=36 S
Longitude By Ac. 88=20 W.

Friday May the 25
First part Wind West Steering Sails out last
12 hours Blowing A strong Gale from S W under
Close Reefed Top Sails and fore sail
Latitude By Ac. 50=48 South
Longitude By Ac. 84=30 West

Saturday May the 26
First part strong Gale from S W with A heavy
Sea last some of our Bulwarks last 12 hours
more moderate Wind West Latitude By Obs 52=17 S
Longitude By Chronometer 81=15 West.

Sunday May the 27
Strongay Winds from W S W to W N W with Squalls
of Snow Hail and Rain Steering E. S E By Compass
Latitude By Obs -53=59 S

Saturday June the 2

Commences with a moderate Breese from the North with thick Weather Rain Hail and Snow at 9 A M came on a Gale from W to W S W Latitude By Alt.: 55=48 S

Longitude By do.: 61=10 West

Sunday June the 3 — 1838 —

First part Blowing a strong Gale from the West to N W latter part more moderate with much Snow Hail and Rain steering N E By N by Compus

Latitude By Act. 54-20 S

Longitude By Act. 57-22 West

Monday June the 4 —

Blowing a moderate Gale from West to N W with squally Weather steering N N E By Compus saw much Kelp Latitude By Obs 52-41 South

Longitude By Chronometer 53-00 West

Tuesday June the 5 —

Fresh breeze from the Northward and Westward with thick Weather steering N E By Compus

Latitude By Act. 51-6 S

Longitude By Act. 50-12 West

Wensday June the 6 —

First part fresh Breeze from N W with thick Wethen latter part more moderate Wind North

Latitude By Obs 50-15 South

Longitude By Act. 46-40 West

Thursday June the 7 —

Moderate Breeze from the Northward with fine Weather but Cloudy

Latitude By Act. 49-39 S

Longitude By Act. 44-11 21

Friday June the 8 —

Commences with light Airs from the Northward from 3 A M to 12 midnight newly Calm from midnight to 9 A M moderate Breeze from N E from 9 A M until noon strong Winds from S W steering North By Compus

Latitude By Obs 47-48 South

Longitude By Act. 44-1 West

Saturday June the 9 — 1838

Variable Winds from N & W to West with squalls
and light Airs

Latitude By Obs 46-39 S
Longitude By Dt. 42-33

Sunday June the 10

Commences with A fresh Breese from N W at 2
P M blowing A very heavy Gale from W N W
hove to under Close Reefed Main Top sail and
stay Sails at 12 Midnight Wind handed to S S W
and moderated Reefed off under Close Reefed
Fore and Main & Top sails at 2 A M came on to
Blow tremendeously from S S W Luffed to the Wind
and took in Fore Top Sail at 3 split the Main Top
sail and Fore Top Mast stay sail blowing so hard
that it took all hands one hour and A half to furl
the Main Top Sail Close Reefed laying to under
Stay Sails the remainder of these 24 hours blowing
A complete Hurricane with A very heavy Seewell
running

Latitude By Alt 45-46 S
Longitude By Dt. 41-22 West

Monday June the 11

First part Blowing A heavy Gale from S S W with
A Bad Swell Laying too under stay Sails stove our
Boat turned up on the Slaboard quarter at 6 P M
began to moderate made some Sail at 5 A M repaired
the Main Top Sail fresh Breze from W N W

Latitude By Obs 44-32 South
Longitude By Dt. 40-00 West

Tuesday June the 12

Commences with strong Breze from N W at 2 P M Wind
North Blowing A gale hove too under Close Reefed
Main Top Sail and stay Sails at 8 P M moderate Wind
to the Westward made Sail

Latitude By Obs 43-48 South
Longitude By Chronometer 39-34-15 West

Wensday June the 13 — 1838

First 6 hours light Breese from the Westward with pleasant Weather the remainder of these 24 Calm

Latitude By Obs 43 = 18 S

Longitude By Act. 38 = 40 West

Thursday June the 14 - 45

Commences with Calm Weather and pleasant at 7 P M moderate Breese from the Northward at 7 A M Wind Shifted to West and brisk Latitude By Obs 42 = 10 South Longitude By Lunar 37 = 15 By Chronometer 37 = 30 West

Friday June the 15 —

First part fresh Breese from W S W with pleasant Weather Latitude By Obs 39 = 49 S Longitude By Lunar 35 = 59 By Chronometer with A new Rate the same

Saturday June the 16 —

Blowing strong from W to W S W with pleasant Weather under Double Reefed Top Sails and Courses Latitude By Obs 37 = 12 S
